BIN RASHID 
للنقلات والمقاولات العامة
Transporting & General Contracting Est.

BIN RASHID TRANSPORTING & GENERAL CONTRACTING Est. is committed to provide a safe and healthy workplace and conducting its business activities in a manner that protects the environment. To achieve these goals, we shall adhere to the following principles:

- ✓ Identification and evaluation of all HSE hazards or aspects and the management of those risks to reduce their impacts to acceptable levels.
- ✓ Compliance with all applicable HSE legislation.
- ✓ Prevention of incidents, injuries, and pollution.
- ✓ Intolerance of the conditions and behaviors that contribute to incidents and injuries.
- ✓ Reduction of waste and conservation of resources.
- ✓ Establish objectives and targets to measure the continual improvement in our HSE performance.
- ✓ Recording and communicating HSE performance throughout the organization.
- ✓ Continual improvement of HSE performance.

The HSE Policy is appropriate for **BIN RASHED** needs and included commitment to comply with customer requirements, relevant Occupational Health and safety environmental requirements, continual improvement and prevention of pollutions, as well as a commitment to meet or exceed relevant HSE legislation, regulations and other requirements.

The Policy provides the framework for establishing the QHSE objectives and will be reviewed annually by the top management, communicated to all employees and made available to the public in accordance with the QHSE consultations and Communication.

Quality Seal

BIN RASHED has established, documented, and maintains an Integrated Quality, Occupational Health & Safety, and Environmental Management System and continually improves its effectiveness in accordance with the requirements of ISO 9001:2015, OHSAS 18001:2007 and ISO 14001:2015 Standards.

- ✓ **BIN RASHED** Has identified processes needed for the QHSE Management System and their applications throughout the organization. These processes (per each department within the scope) are identified in the QHSE Management System Manual.
- ✓ It has determined the sequence and interaction of these processes. This requirement is addressed through documented procedures for each of the identified processes that are within the scope of **BIN RASHED** certification.
- ✓ It has determined criteria and methods needed to ensure that both the operation and control of Integrated Management System processes are effective.
- ✓ It has ensured the availability of resources and information necessary to support the operation of these processes.
- ✓ It has monitored, measured and analyzed these processes.
- ✓ It has implemented necessary actions to achieve planned results and continual improvement of these processes.

Where **BIN RASHED** chooses to outsource processes, it ensures control over these processes and control of such outsourced processes is identified below and within the QHSE Management System: -

- Initial Assessment of the sub-contractors through supplier Questionnaire.
- Provisional Rating of the supplier.
- Category wise rating of the supplier.
- Performance Monitoring and Periodic Reviews.

The HSE Policy has been implemented at **BIN RASHED** in December 2013; training has been given to Employees as you the Policy training standards.
